

Healthy Lawns and Healthy Waters

Rainwater harvesting and turf management training August 10, 2026

Texas A&M AgriLife Extension Service's [Healthy Lawns and Healthy Waters Program](#) will host a face-to-face residential rainwater harvesting and turf management training on August 10, 2026, in Hays County.

The free event will be held at the San Marcos Public Library, 625 E. Hopkins St., San Marcos, from 1p.m.-5:00 p.m. on August 10, 2026.

Attendees can RSVP [online](#) and may contact John Smith, AgriLife Extension Program Specialist, Bryan-College Station, at john.smith@ag.tamu.edu or 979-204-0573 with any questions. Those who RSVP for the event will receive updates and materials, including the link related to the training via email. Everyone attending needs to register online.

Attendees can submit a soil test by picking up soil test bags and dropping off their soil sample and Urban Information sheet at the AgriLife Extension offices in Hays County prior to or by one week following the meeting. You can also bring your soil sample to the program.

The training will include information on how to understand soil test results and nutrient recommendations so residents can interpret results once the analysis is emailed to them.
