

Water Well Screening

TEXAS WELL OWNER NETWORK

RESOURCES HELP LANDOWNERS PROTECT GROUNDWATER

The “Well Informed” Texas Well Owner Network (TWON) program is an educational program that gives well owners the opportunity to have their well water samples screened for common contaminants including fecal coliform, E. coli bacteria, nitrates and high salinity. The screening of the water samples is followed by a 1-hour explanation of the results, water well protection practices and focuses on wellhead protection and recommendations for remediating well contamination.

Well Informed Screening - April 7 & 8

- Hays County AgriLife Extension office: 200 Stillwater Road, Wimberley
- Barton Springs/Edwards Aquifer CD: 1124 Regal Row, Austin
- Hays Trinity GCD: 14101 Hwy 290 W, Bldg. 100, Suite 212, Austin
- Pick up sample containers prior to April 7th at the above locations
- Sample drop-off 8:30—10:30 a.m. April 7th at the above locations

Results & Interpretation meeting:
Tuesday, April 8 from 11:00 a.m. till noon
Wimberley Village Library
400 FM 2325, Wimberley

There will be a \$15.00 cost for samples and you may turn in as many samples as you would like.
